LESSON 1

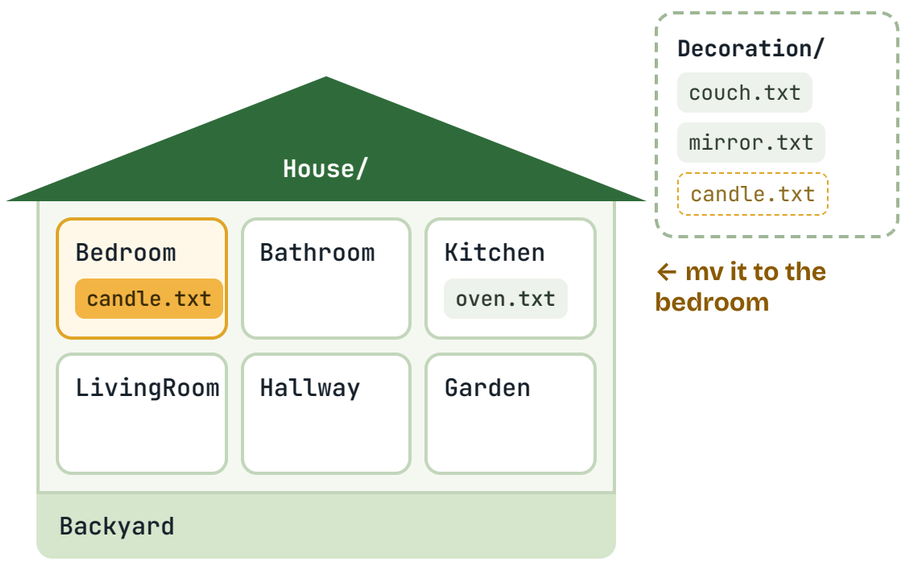

The Virtual House

Learning Unix Basics in a Virtual House

COMMANDS UNLOCKED

`pwd` `ls` `cd` `cat` `touch` `echo` `nano` `mv` `cp` `rm` `mkdir`

Folders are rooms.
Files are furniture.

Your mission: explore the rooms, move the furniture, and build something new.

1 Move the candle into the bedroom

HouseGame

```
HouseGame % mv Decoration/candle.txt House/Bedroom/
```

2 Walk in and check — it's there!

House/Bedroom

```
[tiffanyhuang@Tiffanys-MacBook-Pro House % cd Bedroom
[tiffanyhuang@Tiffanys-MacBook-Pro Bedroom % ls
bed.txt                 blanket.txt             pillow.txt
bedroom_mirror.txt      candle.txt              plushies.txt
tiffanyhuang@Tiffanys-MacBook-Pro Bedroom %
```

3 Build your own furniture

House/Kitchen

```
chloeking@Chloes-MacBook-Air-3 Kitchen % ls
fridge.txt
chloeking@Chloes-MacBook-Air-3 Kitchen % touch oven.txt
chloeking@Chloes-MacBook-Air-3 Kitchen % ls
fridge.txt      oven.txt
chloeking@Chloes-MacBook-Air-3 Kitchen % nano oven.txt
chloeking@Chloes-MacBook-Air-3 Kitchen % cat oven.txt
